

## Food With A Point

A PALATABLE REPORT ON GASTRONOMY  
FROM AN AMATEUR PERSPECTIVE

### A VERY SPECIAL & EXCLUSIVE EVENT

It should always be that loyalty gets rewarded, especially when it's for a good reason. In this case, three passionate entities who are dedicated to food and wine arts have come together to help support a great cause – and to your benefit.

The Renoir **Restaurant in the Sofitel Montreal**, **Les Vins Philippe Dandurand** and **Food With A Point** are collaborating to support **Team In Training** marathoner **Patrick Pressoir** in his fundraising efforts benefiting The Leukemia & Lymphoma Society of Canada.

On **Tuesday May 20<sup>th</sup>** and **Wednesday May 21<sup>st</sup>** 2008 between 4pm-7pm, you are invited to enjoy an afternoon on the terrace of the Renoir Restaurant at the Sofitel Montreal. There, for **\$30 per person**, cash or cheque, you can enjoy a **flight of three specially selected wines** represented by Les Vins Philippe Dandurand, paired with **three generous tapas** by Renoir Executive Chef Deff Haupt. And why? Because you're on the Food With A Point mailing list! Your entire \$30 payment goes directly to Team In Training, every single penny.

As with all special Food With A Point Events, this is also an opportunity to meet others who understand that gathering at the table while **giving back makes everything taste better!**

In order to contribute to this fundraising effort and indulge in fabulous food and wine, simply present this completed invitation (also provided as a PDF file with this email) when arriving at the terrace. **All those who wish to participate must fill in an invitation**, as these will also serve to contact you in order to send you a tax receipt.
